EXPERIENCE

Healthcare Services Group, Inc.

May 2023 - Jun 2026

District Manager | Massachusetts (Hybrid)

Led district operations across eight skilled-nursing and rehabilitation facilities with secure memory-care units: roughly 850 residents, 100+ staff, and a \$5M+ operating budget.

- Rolled out MealTracker across all eight facilities in PointClickCare-connected workflows, trained each director directly, launched on day one, and brought most teams to competency within the first week.
- Grew district responsibility from five facilities to eight in the first year by stabilizing newly awarded, at-risk accounts and rebuilding client confidence.
- Sustained better than 90% deficiency-free outcomes across roughly 32 state surveys over three years by converting recurring problems into practical audits, SOPs, and repeatable routines.
- Reopened two kitchens closed by state and federal inspectors by implementing temporary service models, retraining entire facility teams, and rebuilding operating controls.
- Built the leadership bench behind the results: promoted five cooks to Food Service Director, trained four managers from outside healthcare who each achieved deficiency-free first-year surveys, and advanced one director to District Manager.
