## CLIENT IMPLEMENTATION & ONBOARDING | WORKFLOW ADOPTION

Software Rollout · Training & Enablement · SOP / Workflow Design · Operational Readiness

Implementation leader grounded in real-world operations, with 15+ years translating new systems and expectations into behavior frontline teams can sustain. Experience spans multi-site software adoption, new-account transitions, temporary operating models, manager enablement, and high-pressure service recovery. The strongest proof comes from healthcare operations, where adoption had to work on day one, under regulation, with little room for ambiguity. Fluent Spanish, conversational French, and remote-ready.

## SELECTED IMPACT

---

- Led an eight-facility MealTracker rollout with direct manager training, day-one go-lives, and most teams competent within the first week.
- Converted recurring errors and survey findings into training, SOPs, audit tools, and workflow changes that teams could execute consistently.
- Standardized visibility and accountability across an 11-facility region, contributing to an approximately \$45K/month turnaround in under six weeks.

## CORE STRENGTHS

---

Implementation & onboarding · Software adoption · Frontline training · Workflow design · Change management · Multi-site rollouts · Operational readiness · Escalation & risk · SOPs & enablement

## EXPERIENCE

---

### Healthcare Services Group, Inc.

May 2023 - Jun 2026

*District Manager | Massachusetts (Hybrid)*

Owned rollout and adoption work across eight skilled-nursing and rehabilitation facilities, translating system requirements and operating expectations into workflows frontline managers could execute consistently.

- Led the eight-site MealTracker rollout in PointClickCare-connected workflows: trained each director directly, coordinated day-one go-lives, and brought most teams to competency within the first week.
- Treated recurring system errors as adoption signals, then adjusted training, workflow expectations, and follow-up so remote oversight became more reliable.
- Built audit tools, SOPs, survey-readiness routines, and practical feedback loops that helped teams convert recurring problems into repeatable operating behavior.
- Supported new-account transitions as the district grew from five facilities to eight, helping newly awarded locations move from instability into sustained operating routines.
- Implemented temporary operating models during two regulatory kitchen shutdowns, retraining whole-facility teams and maintaining meal continuity while permanent controls were rebuilt.
- Developed managers as implementation owners: promoted five cooks to Food Service Director, trained four leaders from outside healthcare to deficiency-free first-year surveys, and advanced one director to District Manager.

### LiveWell Healthcare Solutions

Jan 2023 - May 2023

*Regional Food Service Director | Massachusetts & Rhode Island (Hybrid)*

- Standardized cost tracking, production visibility, compliance follow-up, and accountability routines across an 11-facility region; the operating reset recovered roughly \$45K per month within six weeks.
- Used visible field support and direct communication to move teams from inconsistent local practices toward common regional expectations without losing site-level trust.

**Eliot Center for Health & Rehabilitation****Sep 2022 - Jan 2023***Certified Dietary Manager | Natick, MA*

- Stepped into a higher-volume facility during an ownership transition and maintained workflow, documentation, and service continuity while supporting Administrator-in-Training development.

**East Side Center for Health & Rehabilitation****Nov 2021 - Sep 2022***Certified Dietary Manager / Interim Social Services Director | Bangor, ME*

- Expanded into care-plan meetings, plans of correction, social-services support, and practical IT coordination - experience translating requirements across departments when formal ownership was fragmented.

**Island Nursing Home & Care Center****Feb 2020 - Oct 2021***Food Service Director (CDM/CFPP) | Deer Isle, ME*

- Rebuilt a struggling department during COVID, formalized resident feedback through a Food Council, and adapted workflows repeatedly as staffing, infection-control, and supply conditions changed.
- Helped coordinate the safe relocation of roughly 70 residents when the facility later closed, working well beyond the normal dietary boundary.

**Fisher Agencies / American Income Life****2018 - 2019***General Agent / Acting Master General Agent | Bangor, ME*

- Recruited and onboarded new agents at high volume, then coached activity, field execution, and performance after two promotions in six months.
- Ran office operations during the branch's final months before its transition to remote-only roles.

**LAUNCH & ADOPTION FOUNDATIONS**

---

- Prospect Restaurant - joined before opening and stayed through construction-to-service launch, learning firsthand that implementation is not complete when the system goes live; it has to survive real operating pressure.
- Empanadas Son! and Circus RestoBar - built and ran workflows across vendors, POS, staffing, production, service, and guest experience in New York and Buenos Aires.
- Field-designed PREP / PERP working prototypes use AI-assisted development to structure root-cause thinking, observations, handoffs, and operating follow-through.
- Uses AI-assisted research, documentation, evaluation, handoffs, and workflow organization to reduce administrative friction while keeping human judgment in control.
- Practical IT responsibility at Island Nursing Home and National Healthcare included frontline troubleshooting, coordination, and support alongside operational responsibilities.

**EDUCATION, CREDENTIALS & SYSTEMS**

---

Pitzer College - BA, International Intercultural Studies & Studio Art. University of Florida - CDM/CFPP coursework. Certified Dietary Manager (CDM/CFPP); ServSafe Manager.

Systems: PointClickCare, MealTracker, MatrixCare, PFG tray-ticket, Microsoft Office, Google Workspace, POS platforms, Canva, and AI-assisted workflow documentation. Languages: English; fluent Spanish; conversational French.
